Congratulations!

You have completed Junior High School and are now on the threshold of another milestone in your life. Soon you will be faced with making choices and decisions that will force you to grow up. Rejoice for these are all part of becoming the person God intends you to be. Be assured as well that the next chapter in your life is one exciting landscape of opportunities and competencies. You can pursue your passion, become globally competitive, and acquire love for life-long learning. In this new chapter, you will have the chance to learn more, do more, and be more. Indeed, the Senior High School is your ticket to a bright future ahead. But all these are true, you are also lodged with the responsibility of becoming transformative agents. With your Junior High School completion, you are all indeed *Kabataang Mula sa K to 12, Tagapagdala ng Kaunlaran sa Bansa ng Pilipinas*. You are, as Jose Rizal has envisioned, the hope of the motherland. Your education plays a key role in social and economic development. May you realize that we go to school not only to be gainfully employed, acquire material possessions, or self-fulfilled. We go to school to learn ultimately how to be of service to others; for life takes on meaning when we give. So be truly agents of change as you are a special batch well equipped with the K12 education.

Congratulations once again and enjoy this moment for this is your triumph and your family's too.
